BOSTON
MUNICIPAL REGISTER
FOR 1931.

THE CITY SEAL

As it appeared prior to 1827.

The City Seal was adopted by "An Ordinance to Establish the City Seal," passed January 2, 1823, which provides "That the design hereto annexed, as sketched by John R. Penniman, giving a view of the City, be the device of the City Seal; that the motto be as follows, to wit: 'Sicut patribus sit Deus nobis'; and that the inscription be as follows:—'Bostonia condita, A.D. 1630. Civitatis regimine donata, A.D. 1822.'" The motto is taken from 1 Kings, viii., 57: "God be with us as He was with our fathers."

The seal as it first appeared is shown above.

The seal as it was afterwards changed, and has ever since continued to be used, was first shown on page 221 of the volume of laws and ordinances, commonly known as the "First Revision," published in 1827, and is established as the City Seal at the present time by Revised Ordinances of 1914, Chapter 1, Section 5, which provides that "The seal of the City shall be circular in form; shall bear a view of the City; the motto 'SICUT PATRIBUS SIT DEUS NOBIS,' and the inscription, 'BOSTONIA CONDITA, A.D. 1630. CIVITATIS REGIMINE DONATA, A.D. 1822,' as herewith set forth."

The seal as changed in 1827 is shown on the opposite page.

ORIGIN AND GROWTH OF BOSTON.

THE Royal Patent incorporating the Governor and Company of Massachusetts Bay in New England passed the seals March * 4, 1628-29. At a General Court, or Meeting of the Company, on August * 29 of that year it was voted "that the Government and patent should be settled in New England." To that end Governor Winthrop led the Puritan Exodus in 1630. Soon after his arrival at Salem on June * 12, 1630, he proceeded with a large following to Charlestown, where a plantation had been established the summer before. The Assistants held three Courts at Charlestown in the interval, August * 23 to September * 28, inclusive. At their meeting on September * 7, they "ordered that Trimountaine shall be called Boston; Mattapan, Dorchester; and the towne upon Charles River, Waterton." Thus Shawmut of the Indians was named Boston, probably out of gratitude to the Merchants of Boston in Lincolnshire, who had subscribed generously to the stock of the Company.

In the latter part of August, Governor Winthrop with the patent chose Boston as his abiding place. The first "Court" held in Boston was a "General Court" on October * 19, "for establishing of the government." On October * 3, 1632, Boston was formally declared to be "the fittest place for publique meetings of any place in the Bay."

Boston was the first town in Massachusetts to become a city. It was incorporated February 23, 1822, by St. 1821, c. 110, adopted by the voters March 4, 1822. This act was revised by St. 1854, c. 448; amended by St. 1885, c. 266 and again by St. 1909, c. 486.

The neck of land called Boston, still called Boston Proper, contained perhaps 700 acres of land, judging from the 783 acres shown by the official survey of 1794. (In the interval 1630-37, Boston acquired jurisdiction over most of the territory now included in Chelsea, Winthrop, Revere, East Boston, Brookline, Quincy, Braintree, Randolph and Holbrook, besides certain islands in the harbor.) From 1637 till May 13, 1640,

* Old Style.

when "Mount Woollaston" was set off as Braintree, Boston exercised jurisdiction over a territory of at least 40,000 acres. Within its present limits there are 30,598 acres, including flats and water.

Since 1640, grants of land have been made to Boston by the General Court as follows: (1) October * 16, 1660, 1,000 acres "for the use of a free schoole, layd out in the wilderness or North of the Merimake River" (in Haverhill), in 1664. (2) June * 27, 1735, in abatement of Province Tax, three townships, each six miles square, or 69,120 acres in all. These townships later became the Towns of Charlemont, Colrain, and Pittsfield. Boston sold its interest in them on June * 30, 1737, for £3,660. (3) June 26, 1794, a township of land in Maine (23,040 acres) "to build a public hospital." This tract was sold by the City April 6, 1833, for \$4,200.

Muddy River was set off as the Town of Brookline on November * 13, 1705, and Rumney Marsh was set off as the Town of Chelsea January * 8, 1739.

The principal annexations of territory included within the present limits of the City of Boston have been made as follows:

(1) Noddle's Island, by order of Court of Assistants, March * 9, 1636-37. (2) South Boston set off from Dorchester March 6, 1804, by St. 1803, c. 111. (3) Washington Village set off from Dorchester May 21, 1855, by St. 1855, c. 468. (4) Roxbury January 6, 1868, by St. 1867, c. 359, accepted September 9, 1867. Roxbury received its name by order of the Court of Assistants October * 8, 1630. It was incorporated as a city March 12, 1846, by St. 1846, c. 95, accepted March 25, 1846. (5) Dorchester January 3, 1870, by St. 1869, c. 349, accepted June 22, 1869. It received its name September * 7, 1630, by order of the Court of Assistants. (6) Brighton January 5, 1874, by St. 1873, c. 303, accepted October 7, 1873. Set off from Cambridge as the Town of Brighton February 24, 1807, by St. 1806, c. 65. (7) Charlestown January 5, 1874, by St. 1873, c. 286, accepted October 7, 1873. Settled July * 4, 1629. It was incorporated a City February 22, 1847, by St. 1847, c. 29, accepted March 10, 1847. (8) West Roxbury January 5, 1874, by St. 1873, c. 314, accepted October 7, 1873. It was set off from Roxbury and incorporated a Town May 24, 1851, by St. 1851, c. 250. (9) Hyde Park January 1, 1912, by St. 1911, c. 469, and .583, accepted November 7, 1911. Incorporated a Town April 22, 1868.

INTRODUCTION.

As a public document THE MUNICIPAL REGISTER is as old as the City of Boston itself, the first volume having been published in 1821, a year before the government of Boston changed from Town to City. Up to 1840 the title of the volume was: The Rules and Orders of the Common Council. From 1821 to 1829 the document contained merely a register of the City Council and a list of the officers.

In 1829 the City Charter was published as a part of the volume, and in 1830 the Acts relating to Boston, also the ordinances were added. In 1832 the size of the volume was increased by the addition of an index to the contents. The volume published in 1822 contained fifteen pages and for the year 1840 there were eighty-eight pages, including three pages of index.

The title MUNICIPAL REGISTER was adopted in 1841 when the publication became more ambitious, incorporating in its pages, the Rules and Orders of the Common Council, joint rules, ordinances of the City, statutes of the Commonwealth relating to the City, a list of the public schools, the City Government of 1841, the committees and departments (consisting at that time of the treasury, law, police, health, public land and buildings, lamps and bridges, fire, and public charitable institutions), and a list of the ward officers.

From 1842 to 1864 it also contained a list of the members of preceding City Governments, a necrological record of those members, the latest ordinances and the special statutes relating to the City. In 1851 a list of the annual orators was added, and in 1853 a map of

the City and the Rules of the Board of Aldermen. In 1876 statistics of registration and voting were included, carried from 1879 to 1924 in tabulated form.

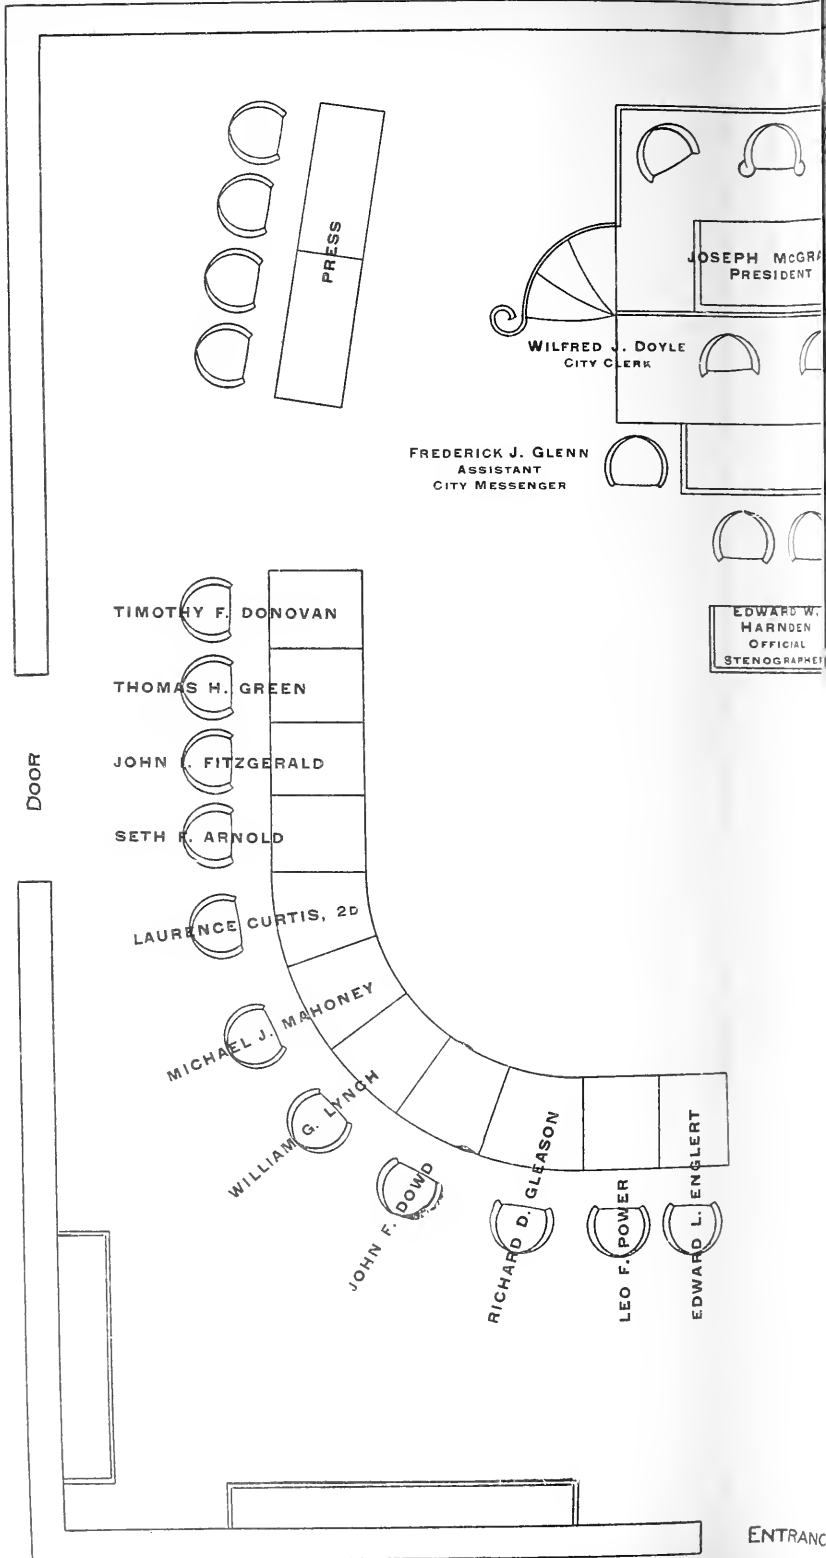

From 1889 to 1896, inclusive, THE MUNICIPAL REGISTER also contained a compilation of the Charter with the revision of 1854 and the amendments of 1885 and thereafter. The Amended Charter of 1909 (15 pages) was added in 1910, and the various changes in same since that year have been stated in footnotes.

In 1924 the important amendments to the Charter enacted in that year (10 pages) were included.

The 1925 volume contained, as the latest addition, descriptions of the ward boundaries as fixed for the 22 new wards (formerly 26) in December, 1924.

Beginning in 1924, *The Boston Year Book*, the most comprehensive municipal publication yet undertaken, was issued. It treats extensively of municipal activities as well as community conditions and interests, containing illustrations and diagrams. This publication, covering a different and much broader field than THE MUNICIPAL REGISTER, now 90 years old and having a reputation to live up to, is not intended to absorb that annual document.

RULES OF THE CITY COUNCIL.

DAY OF MEETING.

RULE 1. Unless otherwise ordered from time to time the regular meeting of the city council shall be held on every Monday at two o'clock p. m. Special meetings may be called by the president at his discretion, and by the city clerk for the purpose only of drawing jurors.

PRESIDENT.

RULE 2. The president of the council shall take the chair at the hour to which the council shall have adjourned and shall call the members to order, and a quorum being present, shall proceed with the regular order of business. In the absence of the president the senior member by age present shall preside as temporary president or until a presiding officer is chosen.

RULE 3. The president shall preserve decorum and order, may speak to points of order in preference to other members and shall decide all questions of order, subject to an appeal. Any member may appeal from the decision of the chair, and, when properly seconded, no other business, except a motion to adjourn or to lay on the table, shall be in order until the question on appeal has been decided. The question shall be put as follows: "*Shall the decision of the chair stand as the judgment of the council?*" The vote shall be by a roll call, and it shall be decided in the affirmative unless a majority of the votes are to the contrary.

RULE 4. The president shall propound all motions in the order in which they are moved, unless the subsequent motion shall be previous in its nature, except that, in naming sums and fixing times, the largest sum and the longest time shall be put first.

RULE 5. The president shall, at the request of any member, make a division of a question when the sense will admit of it.

RULE 6. The president shall, without debate, decide all questions relating to priority of business to be acted upon.

RULE 7. The president shall declare all votes; but if any member doubts a vote, the president shall cause a rising vote to be taken, and when any member so requests, shall cause the vote to be taken or verified by yeas and nays.

RULE 8. The president shall appoint all committees, fill all vacancies therein, and designate the rank of the members thereof.

RULE 9. When the president of the council or the president *pro tempore* shall desire to vacate the chair he may call any member to it; but such substitution shall not continue beyond an adjournment.

MOTIONS.

RULE 10. Every motion shall be reduced to writing if the president shall so direct.

RULE 11. A motion to strike out and insert shall be deemed indivisible; but a motion to strike out being lost shall not preclude amendment, or a motion to strike out and insert.

RULE 12. No motion or proposition of a subject different from that under consideration shall be admitted under color of amendment.

RULE 13. When an order or resolution relates to a subject which may properly be examined and reported upon by an existing committee of the city council, such order or resolution shall, upon presentation, be referred to such committee. When a motion is made to refer any subject, and different committees are proposed, the motions shall be put in the following order:

1. To a standing committee of the council.
2. To a special committee of the council.

Any member offering a motion, order or resolution, which is referred to a committee, shall be given a hearing on the same by the committee, before a report is made thereon, provided he so requests at the time of offering the order or before final action by the committee.

RULE 14. After a motion has been put by the president it shall not be withdrawn except by unanimous consent.

RULE 15. When a question is under debate the following motions only shall be entertained, and shall have precedence in the order in which they stand arranged.

1. To adjourn.
2. To lay on the table.
3. The previous question.
4. To close debate at a specified time.
5. To postpone to a day certain.
6. To commit.
7. To amend.
8. To postpone indefinitely.

RULE 16. A motion to adjourn shall be in order at any time, except on an immediate repetition, or pending a verification of a vote; and that motion, the motion to lay on the table, the motion to take from the table, and the motion for the previous questions, shall be decided without debate.

READINGS.

RULE 17. Every ordinance, order and resolution shall, unless rejected, have two several readings, both of which may take place at the same session unless objection is made, *provided, however*, that all orders for the expenditure of moneys, unless reported upon by a committee of the council, shall lie over for one week before final action thereon. Whenever

the second reading immediately follows the first reading, the document may be read by its title only; *provided*, that all orders releasing rights or easements in or restrictions on land, all orders for the sale of land other than school lands, all appropriations for the purchase of land other than for school purposes, and all loans voted by the city council shall require a vote of two-thirds of all the members of the city council, and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first.

RECONSIDERATION.

RULE 18. When a vote has been passed any member may move a reconsideration thereof at the same meeting, or he may give notice in writing to the clerk of his intention to move a reconsideration at the next regular meeting; in which case the clerk shall retain possession of the papers until the next regular meeting. No member shall speak for more than ten minutes on a motion to reconsider.

RULE 19. When a motion to reconsider has been decided, that decision shall not be reconsidered, and no question shall be twice reconsidered unless it has been amended after the reconsideration; nor shall any reconsideration be had upon the following motions:

- To adjourn.
- The previous question.
- To lay on the table.
- To take from the table.
- To close debate at a specified time.

A motion to reconsider may be laid on the table or postponed indefinitely and the effect of such action in either case shall be to defeat the motion to reconsider.

CONDUCT OF MEMBERS.

RULE 20. Every member when about to speak shall rise, address the chair, and wait until he is recognized, and, in speaking, shall refrain from mentioning any other member by name, shall confine himself to the question and avoid personalities. Any member who, in debate or otherwise, indulges in personalities or makes charges reflecting upon the character of another member, shall make an apology in open session at the meeting at which the offence is committed or at the next succeeding regular meeting, and, failing to do so, shall be named by the president or held in contempt and suspended from further participation in debate until said apology is made.

RULE 21. No member shall speak more than once on a question when another member who has not spoken claims the floor, and no member speaking shall, without his consent, be interrupted by another, except upon a point of order.

RULE 22. No member shall be permitted to vote on any question, or to serve on any committee, where his private right is immediately concerned, distinct from the public interest.

RULE 23. Every member who shall be present when a question is put, unless he is excluded by interest, shall give his vote, unless the council for special reason shall excuse him. Application to be so excused on any question must be made before the council is divided, or before the calling of the yeas and nays; and such application shall be accompanied by a brief statement of the reasons, and shall be decided without debate.

STANDING COMMITTEES.

RULE 24. The following standing committees of the council, and all other committees, unless specially directed by the council, shall be appointed by the president:

AMENDMENT AND SUSPENSION.

RULE 33. The foregoing rules shall not be altered, amended, suspended or repealed at any time, except by the votes of two-thirds of the members of the city council present and voting thereon.

CITY CHARTER OF 1909 (CHAPTER 486) WITH
AMENDMENTS TO JANUARY 1, 1929,
INCORPORATED.

THE MAYOR AND CITY COUNCIL.

SECTION 1.* (*The terms of office of the mayor and the members of both branches of the present city council of the city of Boston and of the street commissioner whose term would expire on the first Monday of January, nineteen hundred and ten, are hereby extended to ten o'clock a. m. on the first Monday of February, nineteen hundred and ten, and at that time the said city council and both branches thereof and the positions of city messenger clerk of the common council, clerk of committees, assistant clerk of committees, and their subordinates shall be abolished. The officials whose terms of office are hereby extended shall, for the extended term, receive a compensation equal to one-twelfth of the annual salaries now paid to them respectively.*) The mayor and city council elected in accordance with the provisions of this act, and their successors, shall thereafter have all the powers and privileges conferred, and be subject to all the duties and obligations imposed by law upon the city council or the board of aldermen, acting as such or as county commissioners or in any capacity, except as herein otherwise provided. Wherever in this act the phrase "mayor and city council" appears, it shall be understood as meaning the mayor and city council acting on and after the first Monday of February, nineteen hundred and ten, under the provisions of this and the three following sections. The city council may, subject to the approval of the mayor, from time to time establish such offices, other than that of city clerk, as it may deem necessary for the conduct of its affairs and at such salaries as it may determine, and abolish such offices or alter such salaries; and without such approval may fill the offices thus established and remove the incumbents at pleasure.

SECTION 1. (*Chap. 479, Acts of 1924.*) The terms of office of the mayor of the city of Boston, of members of the city council and school committee of said city which would expire under existing law on the first Monday of February, nineteen hundred and twenty-six, and of members of the city council and school committee of said city which would expire under existing law on the first Monday of February, nineteen hundred and twenty-seven, shall terminate at ten o'clock in the forenoon on the first Monday of January, nineteen hundred and twenty-six. There shall

be no municipal election in said city in the year nineteen hundred and twenty-four, and the terms of office of members of the city council and school committee of said city which would expire under existing law on the first Monday of February, nineteen hundred and twenty-five, are hereby extended to ten o'clock in the forenoon on the first Monday of January, nineteen hundred and twenty-six. The salary of any official whose term of office is terminated as aforesaid shall cease at the time of such termination and the salary of any official whose term of office is extended as aforesaid shall continue at the same rate as theretofore so long as he continues to serve during the period of such extension.

SECT. 2. The mayor from time to time may make to the city council in the form of an ordinance or loan order filed with the city clerk such recommendations other than for school purposes as he may deem to be for the welfare of the city. The city council shall consider each ordinance or loan order presented by the mayor and shall either adopt or reject the same within sixty days after the date when it is filed as aforesaid. If the said ordinance or loan order is not rejected within said sixty days it shall be in force as if adopted by the city council unless previously withdrawn by the mayor. Nothing herein shall prevent the mayor from again presenting an ordinance or loan order which has been rejected or withdrawn. The city council may originate an ordinance or loan order and may reduce or reject any item in any loan and, subject to the approval of the mayor, may amend an ordinance. All sales of land other than school lands, all appropriations for the purchase of land other than for school purposes, and all loans voted by the city council shall require a vote of two thirds of all the members of the city council; and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first. No amendment increasing the amount of land to be sold or the amount to be paid for the purchase of land, or the amount of loans, or altering the disposition of purchase money or of the proceeds of loans shall be made at the time of the second reading and vote.

SECT. 3.* All appropriations, other than for school purposes, to be met from taxes, revenue, or any source other than loans shall originate with the mayor, who within thirty days after the beginning of the fiscal year shall submit to the city council the annual budget of the current expenses of the city and county, and may submit thereafter supplementary budgets until such time as the tax rate for the year shall have been fixed. The city council may reduce or reject any item, but without the approval of the mayor shall not increase any item in, nor the total of a budget, nor add any item thereto, nor shall it originate a budget. It shall be the duty of the city and county officials, when requested by the mayor, to submit forthwith in such detail as he may require estimates for the next fiscal year of the expenditures of the department or office under their charge, which estimates shall be transmitted to the city council.

* Sect. 3 as amended by Chap. 479, Acts of 1924.

The city auditor may, with the approval in each instance of the mayor, at any time make transfers from the appropriation for current expenses of one division of a department to the appropriation for current expenses of any other division of the same department, and from the reserve fund to any appropriation for the current expenses of a department; and may also, with the approval of the mayor, at any time between November fifteenth and January first, make transfers from any appropriation to any other appropriation: *provided, however*, that no money raised by loan shall be transferred to any appropriation from income or taxes. He may also with such approval apply any of the income and taxes not disposed of in closing the accounts for the financial year in such manner as he may determine.

SECT. 4. Every appropriation, ordinance, order, resolution and vote of the city council, except votes relating to its own internal affairs, shall be presented to the mayor, who shall make or cause to be made a written record of the time and place of presentation, and it shall be in force if he approves the same within fifteen days after it shall have been presented to him, or if the same is not returned by him with his objections thereto in writing within said period of fifteen days. If within said period said appropriation, ordinance, order, resolution, or vote is returned by the mayor to the city council by filing the same with the city clerk with his objections thereto the same shall be void. If the same involves the expenditure of money, the mayor may approve some of the items in whole or in part and disapprove other of the items in whole or in part; and such items or parts of items as he approves shall be in force, and such items or parts of items as he disapproves shall be void.

SECT. 4A.* The mayor may designate one clerical assistant for whose acts he shall be responsible to sign his name in approval of all vouchers of less than five hundred dollars each.

SECT. 5. Except as otherwise provided in this act, the organization, powers, and duties of the executive departments of the city shall remain as constituted at the time when this section takes effect; but the mayor and city council at any time may by ordinance reorganize, consolidate, or abolish departments in whole or in part; transfer the duties, powers, and appropriations of one department to another in whole or in part; and establish new departments; and may increase, reduce, establish or abolish salaries of heads of departments, or members of boards. Nothing in this act shall authorize the abolition or the taking away of any of the powers or duties as established by law of the assessing department, building department, board of appeal, children's institutions department, election department, fire department, Franklin Foundation, hospital department, library department, overseers of the poor, schoolhouse department, school committee, or any department in charge of an official or officials appointed by the governor, nor the abolition of the health department.

SECT. 6. No contract for lighting the public streets, parks, or alleys or for the collection, removal, or disposal of refuse, extending over a

period of more than one year from the date thereof, shall be valid without the approval of the mayor and the city council after a public hearing held by the city council, of which at least seven days' notice shall have been given in the *City Record*.

SECT. 7. The city council at any time may request from the mayor specific information on any municipal matter within its jurisdiction, and may request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the mayor shall personally, or through a head of a department or a member of a board, attend such meeting and publicly answer all such questions. The person so attending shall not be obliged to answer questions relating to any other matter. The mayor at any time may attend and address the city council in person or through the head of a department, or a member of a board, upon such subject as he may desire.

SECT. 8. Neither the city council, nor any member or committee, officer, or employee thereof shall, except as otherwise provided in this act, directly or indirectly on behalf of the city or of the county of Suffolk take part in the employment of labor, the making of contracts, the purchase of materials, supplies or real estate; nor in the construction, alteration, or repair of any public works, buildings, or other property; nor in the care, custody, and management of the same; nor in the conduct of the executive or administrative business of the city or county; nor in the appointment or removal of any municipal or county employee; nor in the expenditure of public money except such as may be necessary for the contingent and incidental expenses of the city council. The provisions of this section shall not affect the powers or duties of the city council as the successor of the present board of aldermen relative to state or military aid and soldiers' relief.

It shall be unlawful for the mayor or for a member of the city council or for any officer or employee of the city or of the county of Suffolk or for a member of the finance commission directly or indirectly to make a contract with the city or with the county of Suffolk, or to receive any commission, discount, bonus, gift, contribution or reward from or any share in the profits of any person or corporation making or performing such contract, unless such mayor, member of the city council, officer, or employee or member of the finance commission immediately upon learning of the existence of such contract or that such contract is proposed, shall notify in writing the mayor, city council, and finance commission of such contract and of the nature of his interest in such contract and shall abstain from doing any official act on behalf of the city in reference thereto. In case of such interest on the part of an officer whose duty it is to make such contract on behalf of the city the contract may be made by any other officer of the city duly authorized thereto by the mayor, or if the mayor has such interest by the city clerk: *provided, however*, that when a contractor with the city or county is a corporation or voluntary

association, the ownership of less than five per cent of the stock or shares actually issued shall not be considered as being an interest in the contract within the meaning of this act, and such ownership shall not affect the validity of the contract, unless the owner of such stock or shares is also an officer or agent of the corporation or association, or solicits or takes part in the making of the contract.

A violation of any provision of this section shall render the contract in respect to which such violation occurs voidable at the option of the city or county. Any person violating the provisions of this section shall be punished by a fine of not more than one thousand dollars, or by imprisonment for not more than one year, or both. Chapter five hundred and twenty-two of the acts of the year nineteen hundred and eight is hereby repealed.

THE EXECUTIVE COMMITTEE.

SECT. 9. All heads of departments and members of municipal boards, including the board of street commissioners, as their present terms of office expire (but excluding the school committee and those officials by law appointed by the governor), shall be appointed by the mayor without confirmation by the city council. They shall be recognized experts in such work as may devolve upon the incumbents of said offices, or persons specially fitted by education, training or experience to perform the same, and (except the election commissioners, who shall remain subject to the provisions of existing laws) shall be appointed without regard to party affiliation or to residence at the time of appointment except as hereinafter provided.

SECT. 10.* In making such appointments the mayor shall sign a certificate in the following form:

CERTIFICATE OF APPOINTMENT.

I appoint (Name of Appointee) to the position of (Name of Office) and I certify that in my opinion he is a recognized expert in the work which will devolve upon him, and that I make the appointment solely in the interest of the city. Mayor.

Or in the following form, as the case may be:

CERTIFICATE OF APPOINTMENT.

I appoint (Name of Appointee) to the position of (Name of Office) and I certify that in my opinion he is a person specially fitted by education, training, or experience to perform the duties of said office, and that I make the appointment solely in the interest of the city. Mayor.

The certificate shall be filed with the city clerk, who shall thereupon forward a certified copy to the civil service commission. The commission shall immediately make a careful inquiry into the qualifications of the nominee under such rules as they may, with the consent of the governor and council, establish, and, if they conclude that he is a competent person with the requisite qualifications, they shall file with the city clerk a cer-

tificate signed by at least a majority of the commission that they have made a careful inquiry into the qualifications of the appointee, and that in their opinion he is a recognized expert, or that he is qualified by education, training or experience for said office, as the case may be, and that they approve the appointment. Upon the filing of this certificate the appointment shall become operative, subject however to all provisions of law or ordinance in regard to acceptance of office, oath of office, and the filing of bonds. If the commission does not within thirty days after the receipt of such notice file said certificate with the city clerk the appointment shall be void.

If any charge imputing a crime or misdemeanor or act of dishonesty to a nominee has been filed with the civil service commission, which charge if proved would, in the opinion of the commission, affect the fitness of the nominee for the office in question, the commission shall immediately notify the nominee in writing, stating that such charge has been made and that the nominee has a right to a hearing. At the hearing the charge shall be stated to the nominee, but the source thereof shall not be revealed unless the commission votes so to do. The nominee shall have the privilege of being represented by counsel at the hearing, and shall be given full opportunity to introduce evidence to explain or refute the charge.

SECT. 11. The civil service commission is authorized to incur in carrying out the foregoing provisions such reasonable expense as may be approved by the governor and council; the same to be paid by the commonwealth, which upon demand shall be reimbursed by the city of Boston.

SECT. 12. A vacancy in any office to which the provisions of section nine of this act apply, shall be filled by the mayor under the provisions of said section and pending a permanent appointment he shall designate some other head of a department or member of a board to discharge the duties of the office temporarily.

SECT. 13. Members of boards shall be appointed for the terms established by law or by ordinance. Heads of departments shall be appointed for terms of four years beginning with the first day of May of the year in which they are appointed and shall continue thereafter to hold office during the pleasure of the mayor.

SECT. 14. The mayor may remove any head of a department or member of a board (other than the election commissioners, who shall remain subject to the provisions of existing laws) by filing a written statement with the city clerk setting forth in detail the specific reasons for such removal, a copy of which shall be delivered or mailed to the person thus removed, who may make a reply in writing, which, if he desires, may be filed with the city clerk; but such reply shall not affect the action taken unless the mayor so determines. The provisions of this section shall not apply to the school committee or to any official by law appointed by the governor.

SECT. 15. The positions of assistants and secretary authorized by section twenty of chapter four hundred and forty-nine of the acts of the

year eighteen hundred and ninety-five except those in the election department are hereby abolished, and except as aforesaid the said section is hereby repealed.

The civil service laws shall not apply to the appointment of the mayor's secretaries, nor of the stenographers, clerks, telephone operators and messengers connected with his office, and the mayor may remove such appointees without a hearing and without making a statement of the cause for their removal.

SECT. 16. No official of said city, except in case of extreme emergency involving the health or safety of the people or their property, shall expend intentionally in any fiscal year any sum in excess of the appropriations duly made in accordance with law, nor involve the city in any contract for the future payment of money in excess of such appropriation, except as provided in section six of this act. Any official who shall violate the provisions of this section shall be punished by imprisonment for not more than one year, or by a fine of not more than one thousand dollars, or both.

THE FINANCE COMMISSION.

SECT. 17. Within sixty days after the passage of this act the governor with the advice and consent of the council shall appoint a finance commission to consist of five persons, inhabitants of and qualified voters in the city of Boston, who shall have been such for at least three years prior to the date of their appointment, one for the term of five years, one for four years, one for three years, one for two years, and one for one year, and thereafter as the terms of office expire in each year one member for a term of five years. Vacancies in the commission shall be filled for the unexpired term by the governor with the advice and consent of the council. The members of said commission may be removed by the governor with the advice and consent of the council for such cause as he shall deem sufficient. The chairman shall be designated by the governor. His annual salary shall be five thousand dollars, which shall be paid in monthly instalments by the city of Boston. The other members shall serve without pay.

SECT. 18. It shall be the duty of the finance commission from time to time to investigate any and all matters relating to appropriations, loans, expenditures, accounts, and methods of administration affecting the city of Boston or the county of Suffolk, or any department thereof, that may appear to the commission to require investigation, and to report thereon from time to time to the mayor, the city council, the governor, or the general court. The commission shall make an annual report in January of each year to the general court.

SECT. 19. Whenever any pay roll, bill, or other claim against the city is presented to the mayor, city auditor, or the city treasurer, he shall, if the same seems to him to be of doubtful validity, excessive in amount, or otherwise contrary to the city's interest, refer it to the finance commission, which shall immediately investigate the facts and report thereon; and pending said report payment shall be withheld.

SECT. 20.* The said commission is authorized to employ such experts, counsel, and other assistants, and to incur such other expenses as it may deem necessary, and the same shall be paid by said city upon requisition by the commission, not exceeding in the aggregate in any year the sum of forty-five thousand dollars, or such additional sums as may be appropriated for the purpose by the city council and approved by the mayor. A sum sufficient to cover the salary of the chairman of the commission and the further sum of at least forty-five thousand dollars to meet the expenses as aforesaid each year shall be appropriated by said city. The commission shall have the same right to incur expenses in anticipation of its appropriation as if it were a regular department of said city.

SECT. 21. For the purpose of enabling the said commission to perform the duties and carry out the objects herein contemplated, and to enable the mayor, the city council, the governor or the general court to receive the reports and findings of said commission as a basis for such laws, ordinances, or administrative orders as may be deemed meet, the commission shall have all the powers and duties enumerated in chapter five hundred and sixty-two of the acts of the year nineteen hundred and eight and therein conferred upon the commission designated in said act; but counsel for any witness at any public hearing may ask him any pertinent question and may offer pertinent evidence through other witnesses subject to cross examination by the commission and its counsel.

THE CITY CLERK.

SECT. 22. The present city clerk shall hold office for the term for which he has been elected, and thereafter until his successor is chosen and qualified. In the year nineteen hundred and eleven, and every third year thereafter, a city clerk shall be elected by a majority of the members of the city council, to hold office until the first Monday in February in the third year following his election, and thereafter until his successor has been duly chosen and qualified, unless sooner removed by due process of law. The city clerk shall act as clerk of the city council established by this act.

THE CITY AUDITOR.

SECT. 23. All accounts rendered to or kept in the departments of the city of Boston or county of Suffolk shall be subject to the inspection and revision of the city auditor, and shall be rendered and kept in such form as he shall prescribe. The auditor may require any person presenting for settlement an account or claim against the city or county to make oath before him in such form as he may prescribe as to the accuracy of such account or claim. The wilful making of a false oath shall be perjury and punishable as such. The auditor may disallow and refuse to pay, in whole or in part, any claim on the ground that it is fraudulent or unlawful and in that case he shall file a written statement of his reasons for the refusal.

*Sect. 20 as amended by Chap. 81, Acts of 1921, and Chap. 369, Acts of 1924.

SECT. 24. Whenever, in response to an advertisement by any officer or board of the city or county, a bid for a contract to do work or furnish materials is sent or delivered to said officer or board, a duplicate of the same shall be furnished by the bidder to the auditor, to be kept by him and not opened until after the original bids are opened. After the original bids are opened, the auditor shall open and examine the bids submitted to him, and shall compare the same with the original bids. In case any of the bids submitted to the auditor differ from the corresponding original bids, those submitted to the auditor shall be treated as the original bids. The contract shall not be awarded until after both sets of bids are opened.

SECT. 25. The auditor shall furnish monthly to each head of department a statement of the unexpended balance of the appropriation for that department, and he shall furnish to the mayor and city council a statement of the unexpended balances of all the departments. He shall furnish quarterly to the city council an itemized statement showing the amount of money expended by the mayor and the city council for contingent expenses.

MISCELLANEOUS PROVISIONS.

SECT. 26.* All loans issued by the city after the passage of this act shall be made payable in annual instalments in the manner authorized by section thirteen of chapter twenty-seven of the Revised Laws as amended by section one of chapter three hundred and forty-one of the acts of the year nineteen hundred and eight. No sinking fund shall be established for said loan. All bonds shall be offered for sale in such a manner that the effect of the premiums, if any, shall be to reduce the total amount of bonds issued. No city or county money shall be deposited in any bank or trust company of which any member of the board of sinking fund commissioners of said city is an officer, director, or agent. Nothing herein shall apply to transit bonds of the city of Boston issued under the provisions of the several acts authorizing the construction of tunnels and subways in said city by the Boston Transit Commission, and said bonds may be issued as heretofore and secured by sinking fund.

SECT. 27.† Every officer and board in charge of a department of the city of Boston or county of Suffolk shall on or before the sixth day of June in each year prepare and furnish to the city auditor a list of the officials and employees under said officer or board and paid by the city or county on the first day of June preceding. Such lists shall give the names, residence by street and ward, designation, compensation, and date of election or appointment of each of said officials and employees and the date when each first entered the employ of the city or county. It shall be the duty of the city auditor to verify said lists by the pay rolls and to keep a copy of said lists open for public inspection; and when

verified the said lists shall be printed by the superintendent of printing as a city document in the year 1923 and every two years thereafter.

SECT. 28. The jurisdiction now exercised by the board of aldermen concerning the naming of streets, the planting and removal of trees in the public ways, the issue of permits or licenses for coasting, the storage of gasoline, oil, and other inflammable substances or explosive compounds and the use of the public ways for any permanent or temporary obstruction or projection in, under, or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railway, or illuminating purposes, is hereby vested in the board of street commissioners, to be exercised by said board with the approval in writing of the mayor; and the mayor and city council shall have authority to fix by ordinance the terms by way of cash payment, rent, or otherwise, upon which permits or licenses for the storage of gasoline or oil, or other inflammable substances or explosive compounds, and the construction or use of coal holes, vaults, bay windows, and marquees, in, under, or over the public ways shall be issued.

SECT. 29. Within ninety days after the passage of this act and thereafter there shall be published at least once a week and distributed and sold under the direction of the mayor and on terms to be fixed by the city council and approved by the mayor a paper to be known as the *City Record*. All advertising, whether required by law or not, with reference to the purchase or taking of land, contracts for work, materials, or supplies, the sale of bonds, or the sale of property for non-payment of taxes shall appear exclusively in said paper; a list of all contracts of one thousand dollars or more, as awarded, with the names of bidders, and the amount of the bids; appointments by the mayor; and changes in the number and compensation of employees in each department, shall be published in the *City Record*. The proceedings of the city council and school committee together with all communications from the mayor, shall be published in the *City Record*.

SECT. 30. Every officer or board in charge of a department in said city, when authorized to erect a new building or to make structural changes in an existing building, shall make contracts therefor, not exceeding five, each contract to be subject to the approval of the mayor; and when about to do any work or to make any purchase, the estimated cost of which alone, or in conjunction with other similar work or purchase which might properly be included in the same contract, amounts to or exceeds one thousand dollars, shall, unless the mayor gives written authority to do otherwise, invite proposals therefor by advertisement in the *City Record*. Such advertisement shall state the time and place for opening the proposals in answer to said advertisement, and shall reserve the right to the officer or board to reject any or all proposals. No authority to dispense with advertising shall be given by the mayor unless the said officer or board furnishes him with a signed statement which shall be published in the *City Record* giving in detail the reasons for not inviting bids by advertisement.

SECT. 31. At the request of any department, and with the approval of the mayor the board of street commissioners, in the name of the city, may take in fee for any municipal purpose any land within the limits of the city, not already appropriated to public use. Whenever the price proposed to be paid for a lot of land for any municipal purpose is more than twenty-five per cent higher than its average assessed valuation during the previous three years, said land shall not be taken by purchase but shall be taken by right of eminent domain and paid for in the manner provided for the taking of and the payment of damages for land for highways in said city. No land shall be taken until an appropriation by loan or otherwise for the general purpose for which land is needed shall have been made by the mayor and city council by a two thirds vote of all its members; or in case of land for school purposes by the school committee and schoolhouse department in accordance with law; nor shall a price be paid in excess of the appropriation, unless a larger sum is awarded by a court of competent jurisdiction. All proceedings in the taking of land shall be under the advice of the law department, and a record thereof shall be kept by said department.

If he is also absent or unable from any cause to perform such duties they shall be performed until the mayor or president of the city council returns or is able to attend to said duties by such member of the city council as that body may elect, and until such election by the city clerk. The person upon whom such duties shall devolve shall be called "acting mayor" and he shall possess the powers of mayor only in matters not admitting of delay, but shall have no power to make permanent appointments except on the decease of the mayor.

The Trustees of the Public Library of the City of Boston, five in number, are appointed by the Mayor, one each year, for a term of five years. They were incorporated in 1878, and authorized to receive and hold real and personal estate to an amount not exceeding \$1,000,000. This amount was changed to \$10,000,000 in 1919. The first Trustees were appointed under an ordinance of October 14, 1852. The old Library Building on Boylston street was opened to the public in September, 1858, and closed, finally in January, 1895. The Central Library Building on Copley square costing \$2,756,384, was first opened on March 11, 1895. The Library is maintained by an annual appropriation included in the regular budget of the City Government. Of this appropriation (\$1,171,544 in 1930) \$163,719 was used for the purchase of books and periodicals. The Library trust funds in the custody of the City Treasurer amounted to \$771,048.94 on January 1, 1931.

The annual reports, the first of which appeared in 1852, have been continued without interruption.

The Board has issued annual reports since 1865.

The Overseers of the Poor are also incorporated as a Board of Trustees of John Boylston's and other charitable funds.

In charge of the Overseers are the Wayfarers' Lodge on Hawkins street, opened in 1878, which gives free lodging to homeless men who are out of employment, but exacts work in its woodyard for meals furnished; and the Temporary Home on Chardon street for destitute women and children, opened in 1870. The total amount of the 18 permanent charity funds in the custody of the Overseers on January 1, 1930, was approximately \$1,035,984.07, the annual income from which (about \$37,000) is distributed to pensioners according to the intentions of the donors of the funds.

FOUNTAINS BELONGING TO CITY, LOCATED ON PUBLIC GROUNDS.

Brewer Fountain, Boston Common; Copenhagen Memorial Fountain, Edward Everett Square; Johnson Memorial Fountain and Gateway, entrance to Back Bay Park, Westland Avenue; "Maid of the Mist" and three other fountains, Public Garden; one fountain each on Blackstone, Franklin, Central, Independence and Sullivan Squares, Meeting House Hill, Thomas Park, Madison Park, Union Park and Massachusetts Avenue; Lyman Fountain, Eaton Square; Taft Memorial Fountain, Chestnut Hill Park.

Since the City's park development began, in 1877, the total expenditure, to the close of 1929, for parks, parkways and playgrounds (exclusive of the annual maintenance appropriation) is \$29,807,275.32 or \$10,878,-224.39 for the land and \$18,929,050.93 for construction.

The Arnold Arboretum (the "tree museum" of Harvard University), containing originally 122.6 acres, was added with other lands, in 1882, to the City's park system, under a special contract with Harvard University, and in 1895 another tract of 75 acres (Peter's Hill), also belonging to the University, was included, the name Bussey Park being added to the title. All the land in these tracts (not required for driveways and walks, a quarry reservation and traffic road) is used, under the trusts created by the wills of Benjamin Bussey and James Arnold, for Harvard's extensive collection of specimens of such trees and shrubs as will live in this climate. The City maintains the roads and walks, also attends to policing the grounds. The Arboretum is open to visitors daily from 7 A. M. until sunset.

The Franklin Park Zoological Garden on the northern side of the park, begun in 1911, now occupies about eighty acres. Up to December 31, 1927, the amount expended for construction, etc., was \$577,078.63. In the summer of 1912, the group of bear dens, the aquatic flying cage, etc., were finished and put on exhibition, in 1913 the bird house with other attractions, in 1914 the elephant house and in 1920 the lion house, were added. One of the latest improvements is the "Greeting" or main entrance and concourse leading from Blue Hill avenue, with massive stone gateway, ornamental fence, etc., completing the original artistic design.

The Marine Park Aquarium, costing \$144,530, was opened to the public on November 28, 1912. The entire outlay for both was appropriated from the George F. Parkman Fund income.

GEORGE F. PARKMAN FUND.

By the will of the late George F. Parkman, various real estate properties worth between \$5,000,000 and \$6,000,000 were left to the City, the income therefrom to be expended for the maintenance and improvement of the Common and such parks as were in existence January 12, 1887, and no part of it to be used for the purchase of additional land for park purposes. The bequest was accepted by the City Council, March 9, 1909, since which date most of the realty has been sold and the proceeds invested in bonds

On December 31, 1928, the principal of the fund in the custody of the City Treasurer, amounted to \$5,421,074.80. In the fiscal year 1928 the income from the fund was \$221,031.25.

SEWER DIVISION.

Main Office, 701 City Hall Annex.

THOMAS F. BOWES, *Division Engineer.*

GEORGE W. DAKIN, CARL S. DRAKE, WILLIAM A. JOHNSON, *District Engineers.*

WILLIAM V. P. HOAR, *Office Engineer.*

The Division Engineer has charge of the construction and maintenance of all sewerage works, pumping stations, investigation of complaints, the granting of permits for sewer construction, and rebuilding or repairing of old house drains, the preparation of plans for the assessment of the cost of sewer construction, and the examination of plans and approval of underground locations for public service and other corporations.

The work of the Sewer Division is carried on by the following authority:

Revised Ordinances of 1925, chapters 27 and 39.

Acts of 1897, chapter 426, as amended by Acts of 1899, chap. 450, and Acts of 1903, chap. 268.

Acts of 1903, chap. 383, as amended by Acts of 1907, chap. 464.

Acts of 1907, chap. 550.

Acts of 1908, chaps. 204 and 514.

Special Acts of 1918, chap. 74.

Assessments upon estates benefited by new sewers are not levied by the Public Works Department, but by the Board of Street Commissioners, who also award damages for land-takings made for sewer construction. Plans from which areas to be assessed are determined are furnished by the Sewer Division. The assessment upon an estate for a new sewer is

limited to \$4.00 per linear foot, and it is a lien upon the property. An Act of the Legislature prohibits the assessment in similar cases of the cost of surface drains.

In the calendar year 1930, there were built by contractors, day labor and private parties, 28.774 miles of sanitary sewers and surface drains, and 591 catch-basins, making on Jan. 1, 1931, a total of 1,127.91 miles of common and intercepting sewers and 19,519 catch-basins in charge of the Sewer Division.

The Boston Main Drainage Works, a comprehensive system of sewage disposal works, were authorized under chapter 136 of the Acts of 1876. The works comprise 24.12 miles of main and intercepting sewers, located generally along tidal margins of the City and lying mainly below the level of low tide, a pumping station at Old Harbor Point, where sewage is lifted about 35 feet through force mains into twin deposit sewers, in which heavy matter settles before the sewage reaches a tunnel crossing under Dorchester Bay, and an outfall sewer and storage reservoirs at Moon Island, where the sewage is stored until its discharge into the harbor on the outgoing tide. These works have been in operation since 1884.

The common sewer system has three electrically operated automatic pumping stations. The station at Union Park and Albany sts. was built in 1915 to relieve floodings in the South End District of Boston by pumping and discharging the surplus storm water flow into the South Bay. The station at Summer st., opposite E st., was built in 1913, to take care of the sewage temporarily from the Commonwealth Pier district. The ejector station at Milton st. was built in 1914 to serve temporarily a small district, too low to flow by gravity into the present system.

In 1889, as provided by chapter 439 of the Acts, the Metropolitan Sewerage Commission of three members undertook the construction of the North Metropolitan and Charles River Systems of trunk and intercepting sewers, the former system to discharge into the sea at Deer Island, and the latter temporarily through the Main Drainage System of the City of Boston, outletting at Moon Island. The City of Boston had already constructed pumping works and a trunk sewer from Huntington ave. and Gainsborough st. to Moon Island. The Charles River System with its 8.10 miles of sewers was completed and put into operation in 1892, the State paying the City for pumping and discharging the sewage received from the territory west of Huntington ave. The North Metropolitan System, with four pumping plants and 41 miles of sewers, went in operation in 1896. A third system, the Neponset Valley, with a total length of 11.3 miles, also draining temporarily into the Boston Main Drainage System, was completed in 1898. In 1906 the high level sewer was completed and into its 17 miles of tunnel, extending from Roxbury to Quincy, thence to outlets off Nut Island, nearly all the sewage of the Charles and Neponset River Systems and the City of Quincy was diverted. Certain high areas in Dorchester, Roxbury and West Roxbury are also tributary to this system, which is now called the South Metropolitan Sewerage System.

The North Metropolitan Sewerage System has a contributory area of 100.32 square miles from 18 cities and towns and a total of 73.064 miles of sewer. The portions in Boston, namely, Deer Island, East Boston and Charlestown, contain 3.45 square miles of drainage area and 10.41 miles of Metropolitan sewer.

The South Metropolitan Sewerage System has a contributory area of 201.47 square miles from 14 cities and towns and a total of 55.552 miles of sewer. The portions in Boston, namely, Back Bay, Brighton, Dorchester, Hyde Park, Roxbury and West Roxbury, contain 24.96 square miles of drainage area and 24. miles of Metropolitan sewer.

Tributary to the two Metropolitan Systems there are 1,876 miles of local sewers contributing sewage from 32 cities and towns.

WATER DIVISION.

Main Office, 607 City Hall Annex.

CHRISTOPHER J. CARVEN, *Division Engineer.*

JAMES A. McMURRY, *Engineer in Charge, Income and Meter Branch.*

GEORGE H. FINNERAN, *Superintendent, Distribution Branch.*

Under the control of the Division Engineer are the care and maintenance of all pipes and other fixtures and appliances for the purposes of the City's water supply, also the assessing of water rates and issuing of the bills therefor.

The total length of supply and distributing water main on December 31, 1930, was 951.34 miles; number of services actually in use, 99,891, all metered; number of public fire hydrants, 11,361, December 31, 1930.

The first water document published by the City of Boston appeared in 1825. In addition to the annual reports on the Cochituate supply, from 1850, and of the Mystic supply, from 1866, there are numerous special reports. By chapter 449, Acts of 1895, the Boston Water Board, the Water Income Department and the Water Registrar were abolished and the Water Department created, a single commissioner being entrusted with all the powers previously exercised by the Boston Water Board and the Boston Water Registrar.

A State commission, the Metropolitan Water Board, took possession, in 1898, of all of that part of the Boston water system lying westward of Chestnut Hill Reservoir, also the pumping station there, with adjacent lands. The sum paid to the City was \$12,531,000. Payments to the State by the City for its supply of water have been regularly made since 1898. Total quantity of water in the ten storage reservoirs of the Metropolitan system on January 1, 1931, 18,994,800,000 gallons, of which 70 per cent (13,260,000,000 gallons), was in the Wachusett Reservoir in Clinton, 32 miles west of Boston, an artificial lake 4,135 acres in surface area and added to the system in 1905. There are also twelve distribution reservoirs with capacity of 2,400,680,000 gallons, five pumping stations being connected with these, in which stations 29,514,000,000 gallons of

water were pumped during the year 1929. In the existing Metropolitan Water District are ten cities, besides Boston, and ten towns. Boston takes about 70 per cent of the entire water supply of the District.

The daily average amount of water used in Boston in 1930 was 92,286,000 gallons, or 118 gallons per capita.

HIGH PRESSURE FIRE SERVICE.

By the provisions of chapter 312, Acts of 1911, the Commissioner of Public Works was authorized to install an efficient system of high pressure fire service for the business center of the City. The work completed, including the old salt-water fireboat line installed in 1898, comprises 17.8 miles of pipe with 451 hydrants. Total expenditure for installation of system to Dec. 31, 1930, was \$2,166,212.23. Two pumping stations are now in use.

The Board has power to lay out, relocate, alter or discontinue highways in the City, to order specific repairs, also, with the approval of the Mayor, the construction of sewers and to take for the City lands for all municipal purposes. It levies the betterment assessments on estates benefited by the construction of new sewers and new or improved highways, also awards damages for takings of land, and grants to landowners permission to open private streets. In 1895 the duties of the Board of Survey were transferred to the Street Commissioners; in 1907 they were charged with the licensing of street stands for the sale of merchandise, in 1908 with the regulation of street traffic, in 1913 with the authority to grant or withhold permits for the erection of automobile garages, and in 1930 with the issuance of licenses for conducting or maintaining open-air parking spaces. They collect the original license of \$1.00 for selling and keeping gasoline. Renewals of fees collected by Fire Department.

As authorized by Chapter 680, Acts of 1913, the Street Commissioners issued on April 9, 1914, their "Rules and Regulations Relating to Projections on or over Public Highways." These rules were amended in 1915, as authorized by Chapter 176, General Acts of that year, the changes taking effect July 20. The penalty for disregard of said rules is a fine not exceeding five dollars for each day of negligence after five days' notice.

FRANKLIN UNION, corner Appleton and Berkeley streets.
WALTER B. RUSSELL, *Director.*

The Franklin Foundation is incorporated under Chapter 569 of the Acts of 1908, a board of twelve citizens being named therein as Managers of the Franklin Fund and having the standing of a City department with the object of maintaining the Franklin Union as an independent industrial school and technical institute for adults.

The Franklin Fund is the proceeds of a bequest of one thousand pounds to "the Inhabitants of the Town of Boston in Massachusetts" made by Benjamin Franklin, in a codicil to his will dated June 23, 1789. The codicil provided that the fund "if accepted by the inhabitants of the Town of Boston" be managed "under the direction of the Selectmen, united with the Minister of the oldest Episcopalian, Congregational, and Presbyterian Churches in that Town," who were to make loans on certain conditions to "young married artificers under the age of twenty-five years."

* The Managers serve without compensation.

Dr. Franklin, who died April 17, 1790, calculated that, in one hundred years, the thousand pounds would grow to £131,000, "of which," he says, "I would have the managers then lay out at their discretion £100,000 in Public Works which may be judged of most general utility to the Inhabitants. The remaining £31,000, I would have continued to be let out on interest for another hundred years. At the end of this second term, if no unfortunate accident has prevented the operation, the sum will be £4,061,000, of which I leave £1,061,000 to the Town of Boston, and £3,000,000 to the disposition of the Government of the State, not presuming to carry my views farther." The Town accepted the donation at a Town Meeting held June 1, 1790.

A futile suit brought by the Franklin heirs in 1891 prevented the division of the fund at the expiration of one hundred years; but on January 17, 1894, by direction of the three ministers and the Board of Aldermen of the City, which board claimed to be the successors of the "Selectmen," \$329,300.48 ($\frac{1}{3}\frac{2}{3}$ of the fund) was paid to the City Treasurer, for "the purchase of land and the erection thereon of the Franklin Trades School and for the equipment of the same." Owing to a series of complications the money remained in the custody of the Treasurer. Mayor Collins, in 1902, caused a petition of the City to be filed in the Supreme Court, praying for instructions as to the authority of the persons then acting as Managers of the fund. The Court rendered an opinion November 25, 1903 (184 Mass. 373, page 43), to the effect that the three ministers were Managers of the fund under Franklin's will, but that the Aldermen did not succeed the "Selectmen" as Managers and had no powers with reference to it. The Court, under its general power to care for public charitable funds, appointed, on March 16, 1904, a Board of Managers to take the place of the "Selectmen," and provided in the decree of the Court, that the Mayor of Boston should be one, *ex officio*.

On December 2, 1905, the City Treasurer received from Mr. Andrew Carnegie \$408,396.48, said sum being equal to the amount of the Franklin Fund in August, 1904, which Mr. Carnegie agreed to duplicate. Only the annual income from this fund is used.

On November 17, 1927, \$100,000 was received by the Foundation from the estate of the late James J. Storrow, the income to be used for maintenance of Franklin Union.

On January 31, 1907, the amount of the "accumulated" fund available for expenditure by the Managers was \$438,741.89, and in that year the Franklin Union Building was erected at the corner of Appleton and Berkeley streets. It was opened for the use of Franklin Union in September, 1908. This is maintained partly by tuition fees, rents, etc., \$108,980.50 total in year 1927, including the income from the above mentioned Franklin Fund (*i. e.*, the Andrew Carnegie Donation), which fund amounted to \$434,478 on January 31, 1928. The building contains 24 classrooms, 6 draughting rooms, and 9 shops and laboratories, where 1,987 adult students received instruction at evening sessions and 49 in day courses during the year 1927. There is also a technical and scientific library,

and a large hall with a seating capacity of 1,000. The building with equipment cost \$430,045.69. The site, containing about 16,000 square feet, was purchased in 1906 for \$100,000, a 20-year loan being issued to cover same.

The Franklin Fund will become available in 1991.

There are 31 officers besides the head supervisor and they may be seen from 9 to 9.30 A. M., on the days that the schools are in session at the principal schoolhouse in the district served.

SCHOOL PHYSICIANS AND SCHOOL NURSES.

Regular medical inspection of the schools was maintained from 1894 to 1915, under the supervision of the Health Department. Beginning September 1, 1915, the School Committee took charge of this service. For all schools and districts there is one Director of School Hygiene in charge of seven supervising school physicians, one school physician assigned to the certificating office, one otologist, one ophthalmologist, 59 school physicians, one medical supervisor of nutrition classes, 22 nutrition class attendants, 22 assistant nutrition class attendants, 21 matrons, one sanitary inspector, and one supervisor of health education.

Chapter 357, Acts of 1907, provided for the appointment by the School Committee of one supervising female nurse and as many district female nurses as are deemed necessary. The sum available for the employment of school physicians and school nurses is 12 cents on each one thousand of the City's assessed valuation, which in 1930 will amount to \$233,845.57. In addition any balance unexpended the previous year is available. For the eighty-two elementary and intermediate school districts there is one supervising nurse in charge of four assistant supervising nurses, 1 nurse assigned to the certificating office, and 59 school nurses.

INDUSTRIAL SCHOOLS PARTLY MAINTAINED BY STATE.

By Chapter 471, Acts of 1911, and Chapter 106, Acts of 1912, the State especially encourages the establishing of Independent Industrial Schools, allowing financial aid for their maintenance proportionate to the amount

raised by local taxation and expended for all public schools. Under this arrangement the School Committee is reimbursed by the State to the extent of one half the net maintenance cost of such industrial schools established in Boston thus far with the approval of the State Board of Education. By Chapter 805, Acts of 1913, Continuation Schools, for employed children between fourteen and sixteen years of age, were included under the same plan of State aid. There are seventeen schools for immigrants where instruction in the English language is provided, classes being conducted daily (except Saturday) for two hours in the forenoon and the same in the afternoon.

DAY PRACTICAL ARTS CLASSES.

There are ten schools where instruction in practical arts (dressmaking, home decoration and millinery) is provided to persons over sixteen years of age, classes being conducted for two hours on either two mornings or afternoons each week.

SUMMER REVIEW AND VACATION SCHOOLS.

These supplementary summer review schools, one high, two intermediate, and eleven elementary, for pupils who have been retarded in their studies, were started in 1914. The term is forty days, and the number of pupils in 1930 was 7,971. There are also seven vacation schools. The term is thirty-four days, and the number of pupils in 1930 was 9,610.

CONTINUATION SCHOOL (DAY).

Classes for boys, with 27 instructors, are held in the Continuation School, 25 Warrenton street; classes for girls with 19 instructors, at 10 Common street.

All children 14 to 16 years of age employed under an employment certificate are compelled by law to attend the school four hours per week.

USE OF SCHOOLHOUSES FOR EDUCATIONAL, SOCIAL AND CIVIC PURPOSES.

In 1912 the School Committee were authorized by statute to allow the use of buildings under their control by associations and individuals (other than school pupils) for educational, recreative, social, civic, philanthropic and similar purposes at times when the schools were not in session. Under this arrangement there are now thirteen School Centres, each having a manager and largely attended on three evenings and one or two afternoons a week. More than 80 school buildings are also used by Non-School Center groups.

The School Committee may annually appropriate for this purpose a sum equal to four cents on each \$1,000 of the City's assessed valuation, which in 1930 will amount to \$77,948.82. In addition, the income from rents of school buildings and any balance unexpended the preceding year are available. Besides the renting of school halls for club meetings, entertainments, etc., basements and other accommodations in schoolhouses are used by the Election Department as polling places, lighting and janitor service being paid for by the Election Department.

PENSION AND RETIREMENT FUND FOR TEACHERS.

The School Committee, by a majority vote of all its members, may retire with a pension any member of the teaching or supervising staff of the public day schools who has reached the age of sixty-five years, also such other members as are incapacitated for further efficient service. If the teacher retired has been employed in the public day schools for a period of thirty years or more, ten years of which have been in the Boston public day schools, the pension paid amounts to one-third of the annual salary received at time of retirement, but in no case is it less than \$312 nor more than \$600 annually. If the period of service is less than thirty years, the pension is proportionally less. The School Committee is authorized to provide for these pensions by appropriating annually, if necessary, an amount equal to five cents on each \$1,000 of the City's assessed valuation. The Permanent School Pension Fund amounted to \$968,241.99 on January 1, 1931, and 272 retired teachers were receiving pensions therefrom.

The Boston Teachers' Retirement Fund Association, started in 1900, is paying \$120 per year to 345 annuitants, the total amount of its fund on October 1, 1929, being \$1,262,001.20. At that date 4,184 teachers were each contributing \$18 per year to this fund.

REGULATION OF BUILDING HEIGHTS.

[Stat. 1872, Chap. 371; Stat. 1892, Chap. 419; Stat. 1896, Chap. 313; Stat. 1898, Chap. 452; Stat. 1904, Chap. 333; Stat. 1905, Chap. 383; Stat. 1907, Chap. 416; Stat. 1914, Chap. 786; Stat. 1915, Chap. 333; Stat. 1923, Chap. 462; Stat. 1924, Chap. 488; Stat. 1928, Chap. 137.]

Following the Great Fire in Boston which occurred on November 9 and 10, 1872, a special session of the Legislature was called to consider questions growing out of the calamity and to enact such measures as were appropriate for the protection and rebuilding of the city. This resulted in an amendment to the Building Law of 1871 establishing a maximum height limit of 75 feet, which was amended the following year to 80 feet, providing further that additional height might be added if the same were constructed in a fireproof manner.

In 1892, Chapter 419 provided for a maximum height limit of 125 feet in height, with a further restriction to $2\frac{1}{2}$ times the width of the widest street or square on which such building stood.

Authority to limit building heights to 70 feet within 25 feet of a parkway, boulevard or public way bordering on a park was granted under the provisions of a General Law, Chapter 313 of the Acts of 1896, and accepted by the city of Boston in May of the same year. This Law carried with it provision for damages and is one of the few instances in the city of Boston of the limitation of building heights through the exercise of eminent domain. For the most part restrictions are adopted under the police power.

Chapter 333 of the Acts of 1904 provided for the appointment of a Commission authorized to divide the city of Boston into two districts; A, in which the greater part of the buildings situated therein were used for business or commercial purposes, restricted to a height of not more than 125 feet, and B, in which the greater part of the buildings situated therein were used for residential purposes, restricted in height to 80 feet.

The boundaries of the A and B Districts as thus established continued in effect until the appointment of a similar Commission under the provisions of Chapter 333 of the Acts of 1915, this second Commission being authorized to revise the boundaries but not to increase the maximum height limits. The result was that the boundaries of District A were considerably enlarged.

In the meantime Chapter 383 of the Acts of 1905 provided that buildings may be erected in the 80-foot district on streets exceeding 64 feet in width to a height equal to one and one-half times the width of the street upon which the building stands, but not exceeding 100 feet in any event, a modification which remains in effect at the present time.

Chapter 462 of the Acts of the year 1923 amended previous legislation and established a maximum height limit of 155 feet further making provision for the erection of buildings to a height greater than two and one-half times the width of the street, but not exceeding 155 feet if the external wall of a height greater than two and one-half times the width of the street shall be set back from the vertical face of the building in the ratio of one foot horizontally for each two and one-half feet vertically. Further regulations were also established for buildings on a narrower street near its intersection with a wider street.

Chapter 488 of the Acts of the year 1924 the Boston Zoning Law, divides the city into 35, 40, 65, 80, and 155 foot districts, as shown on a map prepared by the Boston City Planning Board, and filed in the office of the State Secretary, each of the aforesaid districts carrying with them in addition to height limitations certain restrictions with regard to the bulk of buildings, the area of yards and other open spaces and the percentage of lot occupancy. Flexibility in the administration of the Zoning Plan is assured through the Board of Appeals, which is authorized to vary the provisions of the Law, and through the Board of Zoning Adjustment which is authorized to change the boundary lines of the zoning districts, under certain given conditions.

According to an opinion handed down by the Supreme Judicial Court on March 2, 1926, (Grenville H. Norcross and another, Trustee and others, versus the Board of Appeal of the city of Boston) Districts A and B as territorial divisions regulating height of buildings, established in accordance with earlier statutes, no longer exist in view of the general scope and detailed provisions of the aforesaid Zoning law.

Chapter 137 of the Acts of 1928 provides that on a lot on which a building 155 feet in height is permitted, part of a building or structure may exceed such height provided the volume of the same does not exceed the buildable area of the lot multiplied by 155 feet, and provided further that every part of such building or structure above a height equal to two and one-half times the effective width of the street, but not exceeding 125 feet, shall set back from every street and lot line one foot for each two and one-half feet of additional height.

There have been, in addition, a number of laws enacted which operated indirectly as to height limits in the city of Boston, including special restrictions in the vicinity of Copley Square and the Public Library; the State House; Rutherford Ave. between Chapman Street and the Mystic River tracks of the Boston and Maine Railroad; Washington Street, Lovering Place, Harrison Ave. and Asylum Street; and the property occupied by the Mechanic Arts High School on Dalton, Belvidere and Scotia Streets. So far as these special restrictions are concerned, the Zoning Law particularly specifies that it shall not interfere with, abrogate, annul, or repeal any statute previously enacted relating to the use of buildings or premises, provided, however, that where the zoning act imposes a greater restriction upon the use of buildings or premises or upon the height of buildings, the provisions of such act shall control.
